National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students.

4.0 Procedure
The process of recruiting education agents involves a great deal of decision making. This procedure is designed to alleviate the problems and pitfalls encountered when contracting agents by providing a stream of checks and due diligence towards any final appointment.

EIT will take all reasonable measures to use education or recruitment agents that have an appropriate knowledge and understanding of the Australian international education industry and act with integrity and honesty.

EIT will enter into a written agreement with the education agents approved to represent it in accordance with the requirements of Standard 4 and EIT’s ‘Recruitment of Education Agents Procedure’.
