

Whole-of-Institution Admissions Information Set

1. About the Engineering Institute of Technology

Head Office	1031 Wellington Street West Perth WA 6005 AUSTRALIA	
Campus	WEST PERTH CAMPUS 1031 Wellington Street West Perth WA 6005	EAST PERTH CAMPUS 140 Royal St East Perth WA 6004
Open Days	Dates of any open dates are published on our website - http://oncampus.eit.edu.au/live-and-study-in-australia/open-day.html	
Enrolment Dates	Closing dates for admissions are published on our website - http://www.eit.edu.au/schedule	
Contact Details	Students are welcome to contact our Head Office to discuss any questions that they may have regarding our courses. Tel: 1300 138 522 or +61 8 9321 1702 Email: eit@eit.edu.au Web: www.eit.edu.au (including a live chat option)	

2. Admission Criteria

Each higher education course at EIT has varying admission criteria. Please refer to the individual course pages for detailed admission criteria - <http://www.eit.edu.au/engineering-institute-technology-course-overview>

General admissions information is also available in EIT's "[Admissions Policy.HE](#)"

As a general guide, the admission criteria for each type of higher education qualification offered at EIT is as follows:

Master Degree:

Master Degree applicants need one of the following:

- a) a recognized 3-year bachelor degree* in an engineering qualification in a congruent field of practice.
- b) an **EIT** Bachelor of Science (Engineering) degree in a congruent field of practice.
- c) a 4-year Bachelor of Engineering qualification (or equivalent), that is recognized under the Washington Accord or Engineers Australia, in a congruent, or a *different* field of practice at the discretion of the Admissions Committee.
- d) a 4-year Bachelor of Engineering qualification (or equivalent)* that is not recognized under the Washington Accord, in a congruent field of practice to this program.

AND

An appropriate level of English Language Proficiency equivalent to an English pass level in an Australian Senior Certificate of Education, or an IELTS score of 6.5 (with no individual band less than 6), or equivalent as outlined in the EIT "[Admissions Policy.HE](#)".

* *With integrated compulsory 12-week professional industry experience, training or project work of which 6 weeks are directly supervised by a professional/eligible professional engineer as determined by EIT.*

Whole-of-Institution Admissions Information Set

Bachelor Degree:

Bachelor Degree Entry is available to applicants who hold:

- An Australian Senior Certificate of Education or *equivalent*; **OR**
- A relevant (to the sub-discipline) Engineering Advanced Diploma or higher from an Australian higher education institution; **OR**
- An overseas qualification equivalent to the above item from a structured program of learning that leads to the full or partial achievement of an officially accredited qualification undertaken at a tertiary institution such as a university, government technical college, or government recognised private college (EIT assesses overseas qualifications using Australian Government guidelines to determine their comparability to qualifications); **AND**
- Satisfactory English language proficiency at an English pass level in an Australian Senior Certificate of Education or equivalent; **OR**
- A specified level of achievement in a recognised English language test such as IELTS (or equivalent) at a score of at least 6.0 (with no individual band score less than 5.5); or equivalent;

OR applicants who hold:

- 3 years' relevant (as determined by EIT) work experience; **AND**
- A relevant (to the sub-discipline) Engineering Advanced Diploma or higher from an Australian higher education institution; **OR**
- An overseas qualification equivalent to the above item from a structured program of learning that leads to the full or partial achievement of an officially accredited qualification undertaken at a tertiary institution such as a university, government technical college, or government recognised private college (EIT assesses overseas qualifications using Australian Government guidelines to determine their comparability to qualifications); **AND**
- Satisfactory English language proficiency at an English pass level in an Australian Senior Certificate of Education or equivalent; **OR**
- A specified level of achievement in a recognised English language test such as IELTS (or equivalent) at a score of at least 6.0 (with no individual band score less than 5.5); or equivalent;

It is desirable that applicants hold a Senior Certificate with:

- Advanced Mathematics; or WACE Mathematics: Methods; or equivalent
- Physics and Chemistry, with equivalents considered.

Applicants with WACE Mathematics Applications (or equivalent) will be accepted, but EIT may also recommend a bridging course as a supplementary activity. To confirm that past studies in mathematics align with these requirements, applicants may compare the mathematics syllabus to the WACE here and contact an EIT Course Advisor for assistance:

http://www.scsa.wa.edu.au/internet/Senior_Secondary/Courses/WACE_Courses/Mathematics

Whole-of-Institution Admissions Information Set

Credit and Recognition of Prior Learning

The Engineering Institute of Technology (EIT) offers recognition of prior learning/credit for accredited qualifications.

What is recognition of prior learning?

Recognition of prior learning (RPL) is an assessment process that involves assessment of an individual's relevant prior learning (including formal, informal and non-formal learning) to determine the credit outcomes of an individual application for credit.

Starting the process

The 'Application for Admission' form includes a question where students can indicate that they intend to apply for credit. As a preliminary step, students are asked in that question to indicate the specific Unit(s) to which this will apply. Once a credit application is approved, the student will be sent the detailed 'Application for Credit/Recognition of Prior Learning Form' to commence the process.

For more information on EIT's Higher Education RPL processes please refer to EIT's ["Credit and Recognition of Prior Learning Policy.HE"](#)

Bridging and Enabling Course Entry

If students don't meet the required Mathematics entry requirements for the program they wish to apply for, EIT offers a 12 week, online Maths bridging course which student must successfully complete before commencing their primary course of study. The EIT Admissions Committee will consider all applications and, at their discretion, may require students to complete the bridging course.

Australian Year 12 Students

Entry is available into an EIT Bachelor Degree for applicants who hold:

- An Australian Senior Certificate of Education or [equivalent](#); AND
- Satisfactory English language proficiency at an English pass level in an Australian Senior Certificate of Education or equivalent

It is desirable that applicants hold a Senior Certificate with:

- Advanced Mathematics; or WACE Mathematics: Methods; or equivalent
- Physics and Chemistry, with equivalents considered.

Applicants with WACE Mathematics Applications (or equivalent) will be accepted, but EIT may also recommend a bridging course as a supplementary activity. To confirm that past studies in mathematics align with these requirements, applicants may compare the mathematics syllabus to the WACE here and contact an EIT Course Advisor for assistance:

http://www.scsa.wa.edu.au/internet/Senior_Secondary/Courses/WACE_Courses/Mathematics

EIT also accept overseas qualifications which have been assessed as to be at a comparable level, and are similar to successful completion of Australian Senior Certificate of Education (Year 12).

Students can refer to our international qualification equivalence information at: <http://www.eit.edu.au/cms/about-eit/bachelor-degrees-entry>.

Whole-of-Institution Admissions Information Set

3. Additional information

Aboriginal & Torres Strait Islander people – There are no specific admission options specifically for Aboriginal and Torres Strait Islander applicants. All applications are assessed on their merits.

Domestic applicants with overseas qualifications - Overseas qualifications are accepted and will be assessed for equivalence to the required Australian qualification. EIT uses Country Education Profiles (CEP) to assist with this equivalence assessment. Each course application is assessed on a case-by-case basis.

English language proficiency – All higher education courses require applicants to have a satisfactory English language proficiency at an English pass level in an Australian Senior Certificate of Education or equivalent; OR a specified level of achievement in a recognized English language test such as IELTS (or equivalent).

For Masters Degrees an overall IELTS score of at least 6.5 (with no individual band score less than 6.0), or equivalent, is required

For Bachelor Degrees and overall IELTS score of at least 6.0 (with no individual band score less than 5.5), or equivalent, is required.

4. How to apply

Prospective students are invited to apply directly to EIT. Application forms etc will be provided by our Course Advisors who can be contacted either:

- Via the website - <http://www.eit.edu.au/course-enquiry>
- Email - eit@eit.edu.au
- Telephone - 1300 138 522 or +61 8 9321 1702

The Application Process

Admission Officers will identify applicants who meet the course entry requirements, including minimum academic requirements, English language requirements, and for CRICOS Students, the Genuine Student (GS) and Genuine Temporary Entrant (GTE) requirements.

Course entry requirements and selection methodology will be applied consistently to all applicants for a course.

The applicant's entire application will be considered. The Admissions Officer may give greater weight to the applicant's most recent and/or relevant previous qualification, study, or experience.

Course entry requirements will be used to select applicants for the course wherever it is taught.

In order to be considered for a place, applicants must submit their application on time, in the correct manner, and complete with all required documentation. EIT reserves the right to request additional information from an applicant relevant to their application. Failure to supply the information requested may adversely affect the success of the application. EIT reserves the right to request an applicant to authorise EIT to obtain further information about the applicant from relevant external bodies. Failure to supply such authority may adversely affect the success of the application.

If Admissions Officers are unsure about whether an applicant is suitable for admission, they can refer an application to the Admissions Committee which is formed by the Dean and will be comprised of personnel with appropriate qualifications to assess entry into the relevant course. The committee must take into account the entry requirements for the course when assessing applications. The committee may request additional information and will:

- ensure the application is assessed against the evidence provided
- check the equivalence of international qualifications, where relevant
- make a recommendation on whether the applicant should be admitted to the course.

Whole-of-Institution Admissions Information Set

Notification of Decision Process

Letters of offer and deferments will be made by Admissions Officers (as an appointed delegate of the Dean). The Deputy Dean is responsible for sending letters to unsuccessful applicants.

Admission and other contractual arrangements with students, or where legally required, with their parent or guardian, are in writing and include any particular conditions of enrolment and participation for undertaking particular courses of study that may not apply to other courses more generally, such as health requirements, requirements for security checks, particular language requirements and particular requirements of work placements.

If an applicant has met the requirements and been accepted into the course, the applicant will receive a Letter of Offer.

Students will be notified of the decision for admission within 7 days of the decision being made.

The notification will include:

- admission outcomes (acceptance or refusal)
- reasons for refusal, if relevant
- further documentation or information required for successful applicants informing students of their rights and obligations, including:
 - o A Letter of Offer, if relevant, which includes:
 - course details (start date, duration, location etc.)
 - details outlining the fees a student must pay, due dates, and payment options
 - an 'Acceptance of Offer' form and instructions to the student for accepting the offer
 - all charges associated with their proposed studies as known at the time and advice on the potential for changes in charges during their studies
 - policies, arrangements and potential eligibility for credit for prior learning
 - policies on changes to or withdrawal from offers, acceptance and enrolment, tuition protection and refunds of charges
- options available for unsuccessful applicants such as alternative pathways and/or courses.

5. Enrolment

Acceptance of offer

To accept an offer, applicants must complete and sign the 'Acceptance of Offer' form, and return it together with payment for the fees due in advance (if required). Applicants should accept an offer as soon as possible after receiving the Letter of Offer to ensure that a place is available, but no later than the response deadline which is indicated in the Letter of Offer.

Deferment

Deferment of an offer prior to commencing a course, or deferment of study once a student has commenced study, may be permitted for up to four teaching periods (i.e. four terms/2 semesters) for online courses, and up to two teaching periods (2 semesters) for on-campus courses. Applicants who wish to apply for a longer deferment must withdraw and reapply for admission in the same manner as the original application for admission, should they wish to commence or continue study at a later date.

Whole-of-Institution Admissions Information Set

Fees and Charges

Tuition fees and other charges:

- are set each year by the Dean and will apply at the time that a letter of offer is issued
- are subject to annual review
- may be varied to accommodate the financial resources of the student and the student's country of origin
- are calculated based on the credit point value of that unit for tuition fees
- must meet legislative requirements regarding incidental fees and charges.

EIT has an established scale of tuition fees as follows:

- All essential learning resources (documents, software, kits, etc) required to complete the unit/course, excluding text books, are provided by EIT as a part of the standard tuition fee.
- Some text books may need to be purchased by the student in addition to the unit/course fee, but EIT will endeavour to keep this cost to a minimum.
- Where completion of a unit requires the student to pass an examination, the standard fee will include one attempt at the examination. If further attempts at the examination are required an additional fee may be levied to cover the cost of delivering the examination.

EIT has multiple fee structures and payment plans based on a prospective student's country of residence. There are many details to take into consideration therefore EIT requests that all potential students contact EIT directly and a Course Advisor will then be able to provide detailed and accurate fee information to every potential student.

Fees for future periods of study are indicative only and are subject to change.

For more information on fees and charges please refer to EIT's ["Tuition, Payment and Refund Policy.HE"](#)

Whole-of-Institution Admissions Information Set

6. Student profile

The table below gives an indication of the likely peer cohort for new students at the institution. It provides data on students that commenced undergraduate study and passed the census date in the most relevant recent intake period for which data are available, including those admitted through all offer rounds, across all Australian campuses, and international students studying in Australia.

Applicant background	Full year intake 2017	
	Number of students	Percentage of all students
(A) Past higher education study (includes a bridging or enabling course)	N/P	N/P
(B) Past vocational education and training (VET) study	54	58.70%
(C) Recent secondary education: Admitted on the basis of other criteria only and ATAR was not a factor (e.g. special consideration, audition alone, schools recommendation scheme with no minimum ATAR requirement)	L/N	L/N
(D) Work and life experience (Admitted on the basis of previous achievement other than the above)	30	32.61%
International students	60	65.22%
All students	92	100.00%

Notes: L/N - Low numbers: the number of students is less than 5.

N/A - Data not available for this item.

N/P - Not published: the number is hidden to prevent calculation of numbers in cells with less than 5 students. [The values of suppressed cells can be approximated by using the totals and subtracting the values of some other cells, but only to within 5 students of the actual number, thereby retaining the confidentiality of the cells marked "L/N".]
